Pursuant to 3 GCA § 3102(c), sixteen (16) year olds can pre-register to vote by completing an Affidavit of Registration. Individuals who pre-register to vote will be added to the voter listing when they turn eighteen (18).

Individuals who are seventeen (17) years old on the date of a primary election and will turn eighteen (18) on or before the date of the general election immediately following are qualified to vote in that election cycle. They can register to vote and vote in both the primary and general elections of that calendar year.

Updating your Voter Registration Record

Once registered, you do not need to register again unless you fail to vote in two consecutive General Elections. If you move to a new village, you must transfer your voting district by completing a new Affidavit of Registration. Please note that transferring between Primary and General elections is prohibited. If your name changes, you must update your information with the GEC by completing a new Affidavit of Registration. Failure to update your voter registration record will cause delays in the voting process on Election Day. You may contact the GEC at any time in the year if you have any questions or think your voter registration record requires an update.
