

Associate of Science in Practical Nursing
Quarterly Report
April 1st – June 30th

ASSOCIATE OF SCIENCE IN PRACTICAL NURSING

- The 2021 Associate of Science in Practical Nursing cohort completed their first semester courses with face to face instruction, hands-on laboratory skills, and hospital clinical practice. The courses completed were NU160 Pharmacology and NU110 Nursing foundations, lab and clinical practice conducted at the Guam Memorial Hospital on the Medical Surgical and surgical units. Additionally, the students assisted at the UOG COVID Vaccination clinic as assessment screeners with clinical faculty oversight.
- The students who successfully completed all course requirements will be moving on to the next semester, Fall, taking the following courses:
 - o NU220 Adult Medical Surgical Nursing
 - o NU230 Maternal Newborn Concepts & Skills
 - o NU240 Pediatric Nursing Concepts & Skills
 - o Clinical practice will be conducted at the Guam Memorial Hospital Authority

2020 ASPN COHORT

- Three out of 19 graduates have officially passed the NCLEX-PN and are now licensed practical nurses confirmed through the Guam Board of Nurse Examiners. The remaining 16 graduates are currently scheduling their exam dates and will be testing within the next few months.
- The Department continues to work closely with our ASPN graduates regarding their preparations for PN licensure. Online preparatory resources have been purchased through the generosity of the Takecare grant to assist our graduates with their studies for the NCLEX-PN exam and licensure. It is our goal to prepare all of our graduates to take their exam and be licensed within the next four months.
- We are extremely proud of all of our graduates and most especially to those who have recently passed their NCLEX-PN exam.

Dorothy-Lou M. Duenas MSN, RN
Nursing & Allied Health Administrator
